

Whipcheck Safety Cable, Hose To Hose, Stainless Steel, 4" Hose Size

- Whipchecks are commonly used on hose for air, water blast, drilling, steam, concrete, sandblast or other high pressure applications
- Whipchecks should be installed in the fully extended position (no slack) for proper safety assurance
- Hose to hose restraints is slipped over the hose on each side of the fitting and prevent hose whip in the event of fitting separation or failure
- CE certified

Classification

Material Number	6007125
Part Number	-
Status	Active
Detail Description	Whipcheck safety cable, hose to hose, stainless steel, 4" hose size

Details

Cable Range	4 in 101.6 mm
Length	44.0 in 1117.6 mm
Max. Working Pressure	200 psi
Approx. Break Strength	8201 lbs 3720 kg
Working Load	1640 lbs 744 kg (Safety Factor 5*)
Material Type	Stainless Steel

Package

UOM	1 pcs
Packaging	Bag
Weight, gross	2.535 lb 1.150 kg

Certifications

ISO 9001:2015	Designed, manufactured and/or distributed under this quality management system
RoHS	Compliant
CE	Compliant
